## WARNED TO LEAVE ZONE UNTOUCHED

Great Britain and Italy Make Their Meaning Clear To Germany

### HITLER EXPECTED TO SEND PROTEST

BERLIN, April 18 (AP).—Great Britain and Italy, it was revealed tonight, have warned Germany that she must let the demilitarized Rhineland alone.  
Ambassadors of the two powers yesterday presented their joint Stresa decision to maintain the status quo of the Rhineland.  
It was disclosed tonight that the real purpose of the two ambassadors' visit to the Foreign Office was to communicate the Stresa declaration, and this diplomatic quarter took to mean the two powers wanted to leave no doubt in Germany's mind that they meant what they said when they reaffirmed their decision to keep the Rhineland demilitarized.  
Nazi leaders have said openly they believed the neutralized Rhineland will be taken over by the new Germany sooner or later.  
The fresh warning that this part of the Versailles Treaty and the Locarno Pacts must not be touched, however, caused an order to be issued forbidding the press to mention the demilitarized zone in any manner.

### HITLER WILL PROTEST

(Copyright, 1935, by The Hearst Agency)  
BERLIN, April 18.—Chancellor Adolf Hitler will protest tomorrow against the Geneva resolution condemning Germany for violation of the Treaty of Versailles, it is expected here in official quarters.  
The Government made no statement about a conversation at the Foreign Office between Sir Eric Phipps, British Ambassador to Berlin, and Bernard W. von Bülow, Continued on Page 15, Column 8

## PREMIER GIVEN FINE FAREWELL

Leaves on Journey to Attend Silver Jubilee Looking Fit and Well

OTTAWA, April 18 (CP).—Members of the diplomatic corps, Government officials and many private citizens were at the station this afternoon to wish "bon voyage" to Prime Minister R. B. Bennett, who left for New York, where he will embark tomorrow for England. Mr. Bennett was very much himself, apparently, and showed few traces of his illness.  
In Mr. Bennett's party were L. B. Pearson, first secretary of the Department of External Affairs, and L. D. Wilgress, Department of Trade and Commerce, who will assist the Prime Minister in any trade or other international affairs that may come up for discussion during the visit of the Dominion Prime Minister to London. He was accompanied also by his personal secretary, Miss Alice Miller, and his sister, Mrs. W. D. Herridge, wife of the Canadian minister to Washington. Mrs. Herridge will go as far as New York.  
The Prime Minister is expected to return about the middle of May. He will attend the celebrations of the King's Jubilee on May 6, as one of the few specially invited guests, and will also attend the levee at St. James' Palace on May 8, when each of the Dominion Premiers will have a special part in the ceremonies. Before leaving, Mr. Bennett publicly announced his intention of resuming active leadership of the Government, if his health permits.

### DROPS QUESTION OF PUNISHMENT

Speaker Reports "Appropriate Measures" Taken to Prevent Repetition of Disturbance in House

EDMONTON, April 18 (CP).—The Alberta Legislature tonight appeared to have dropped the question of punishment for Mayor J. A. Clarke, who Thursday ruffled the House when, from the public gallery, he yelled "Liar" at O. L. McPherson, U.F.A. member for Little Bow and former Minister of Public Works.  
Speaker G. N. Johnston, receiving a report from the House committee early this morning on the interruption, said that "appropriate measures" would be taken to prevent repetition of it, but did not specify any action. It is believed that orders have been issued to Legislative attendants to bar Mayor Clarke should he attempt to enter the galleries again this session.

### Insect Biting Gigantic Bull's Ear Is Cause of Earthquakes

BERKELEY, Cal., April 18 (AP).—Seismologists are all wrong about earthquakes, you can take it from the Minangkabau people of Sumatra, who have it all figured out that an insect biting a gigantic bull's ear causes all the tremors. Here's how it is, according to Dr. Edwin Loeb's account in his new book on Sumatra peoples:  
The earth is a flat disc held aloft by the horns of a huge bull. He stands on a gigantic egg, which is carried on the back of a fish. The fish swims slowly on a limitless sea. The bull is pretty conscientious about his balance act, but now and then an insect bites his ear and he can't help a little toss of the horns. The size of the quake depends on how big the flea or mosquito is. And there you are.

## Settlers Start on Way to Make New Homes at Sayward

Party of Seventeen Leaves Vancouver for Fertile Valley Up-Island—Fifty Families in Back-to-Land Movement

VANCOUVER, April 18 (CP).—Seventeen city dwellers bade goodbye to the hustle and bustle of urban life tonight and turned their eyes toward the fertile agricultural lands of the Salmon River Valley on Vancouver Island.  
Thirteen men and four women made up the party that steamed out of the harbor on Ss. Chelohsin to join an advance party of four who left here Monday, vanguard of some fifty British Columbia families who have started on a "back to the land" movement with the aid of the Provincial Government.  
Household effects, tools, implements and livestock, including two cows and a horse, were taken by tonight's settlers to assist them in opening up the colony back of Sayward, where the land is already cleared and ready to crop.  
The Provincial Government has advanced \$300 towards operation of the building.  
Some frame buildings on either side of the opera house were damaged beyond repair and the Kerr and Annable blocks nearby were saved with difficulty.  
The opera house has not been used for several years. It is owned by J. E. Annable.

Some frame buildings on either side of the opera house were damaged beyond repair and the Kerr and Annable blocks nearby were saved with difficulty.  
The opera house has not been used for several years. It is owned by J. E. Annable.

He was reported to have thrust his arm through the bars to pet the caged lion. The lion's jaws had to be pried open with a crowbar before Taylor was released.

## ON WAY TO CELEBRATION

Premier G. W. Forbes, of New Zealand, Going to Silver Jubilee

Bearing greetings and professions of loyalty from the Dominion of New Zealand to His Majesty King George V on the twenty-fifth anniversary of his accession to the throne, Right Hon. G. W. Forbes, Prime Minister, was a passenger reaching Victoria on the Canadian-Australasian liner Aorangi last evening. He is proceeding to London, making no Canadian stop-overs. While in London, he would meet Premier Bennett of Canada and the representatives of the other Dominions in connection with matters in which all are concerned.  
Mr. Forbes expressed pleasure at again having an opportunity of visiting Canada. The meeting, which will take place in London, as at the World Economic Conference, would be in the same spirit of co-operation among the representatives of the different Dominions, he said. The strength of the Empire lay not only in the bonds of kinship but in the spirit of co-operation and consultation which emanated from all the constituent parts.

**TRADE ARGUMENTS**  
Questioned as to how the Ottawa arrangements had affected New Zealand, Premier Forbes stated they had worked out very well, indeed, much better than expected. Great economic good had resulted from the preferences, and he hoped they would be enlarged upon for the benefit of all parties in the future.  
Premier Forbes stated that his main business was to represent New Zealand in important discussions relating to the economic affairs of the British Empire, with particular reference to the marketing of primary produce. The problem of the United Kingdom market was now one of vital importance to all countries of supply, but he said he would prefer not to comment on the situation as the nature, or scope, of the deliberations had not been submitted, or agreed upon.

In the party with Premier Forbes were Mrs. Forbes; C. A. Jeffery, private secretary to Mr. Forbes, and Mrs. Jeffery; J. W. Collins, New Zealand trade commissioner to Canada, and Mrs. Collins; H. I. Forde, economist.  
The members of the party were greeted here by Premier T. D. Pattullo, his secretary, Mr. Cartwright, Hugh Dalton, and Captain T. J. Goodlake, among others.

## AGAIN CHARGING MARTIN-INSULL

U.S. Attorney-General to Seek Extradition of Former Utility Company Head

WASHINGTON, April 18 (AP).—Reversing an earlier statement at a press conference, Attorney-General Homer Cummings, late today, announced the United States Government will attempt to return Martin Insull for a second trial at Chicago on Federal charges resulting from collapse of the Insull Utilities.  
A few hours before, the Attorney-General said Martin Insull's second extradition from Canada would not be asked. He was returned from Ontario for the first trial, at which he, his brother, Samuel, and other Insull associates, were acquitted on mail charges.

## HOLY THURSDAY AT ST. PETER'S

Solemn Ceremony Marks Bathing of Altar Stone for Today's Services

VATICAN CITY, April 18 (AP).—A solemn procession of priests passed before the central altar of St. Peter's Basilica this evening to bathe the altar stone in preparation for tomorrow's anniversary of Christ's passion and death. The ablutions were of wine and water, which symbolized the blood and water that flowed from Christ's side as he hung on the cross.  
Eugenio Cardinal Pacelli, Papal Secretary of State and High Priest of the Basilica, conducted the ceremonies with the assistance of the priests.  
At sundown these canons carried eight chalices, seven of crystal and one of golden metal, into the cathedral. They passed around the altar which was bare of all coverings and ornaments, and poured wine and water on the altar stone. Then each performed the purification with the "aspidarium."  
The liquid was then wiped from the altar stone with sponges, and the procession moved to the centre of the nave, where a blessing was imparted with the use of reputed portions of the cross, the lance with which the centurion pierced the Saviour's side, and the holy veil of Veronica.

## Five Constables Are Still In Hospital Following Riot

CORBIN, B.C., April 18 (CP).—One hundred policemen, including a detachment of the Royal Canadian Mounted Police from Lethbridge, were in Corbin tonight to maintain peace, following yesterday's clash between striking miners and police, in which scores were injured. Seventeen strikers have been arrested.

In the meantime hundreds of miners from other points were at various places, having started out for Corbin.

Three hundred strike sympathizers from Blairmore, Alta., were stopped by police at Crow's Nest on the British Columbia border. A delegation of ten was permitted to proceed. Other sympathizers may come from Michel, B.C.

## WINS MERCY FOR ACCUSED

Guiltless Man Who Served Four Years Pleads for Real Culprit

CROWN POINT, Ind., April 18 (AP).—A guiltless war veteran who served four prison years for another man's crime slipped into criminal court today, and in one speech won mercy and a parole for the man who let him languish in a cell.  
The former soldier, Edward Singleton, went to Michigan City Prison when he was thirty-nine for a robbery he never committed. The youth against whom he bore no malice was Ralph E. Harwood, twenty-three, of Hammond, Ind., furniture salesman, who was haled before Judge William J. Murray today.

## GIVEN TEN-YEAR TERM

Four years ago, the court was told, Harwood robbed a grocery store. Singleton was arrested, identified by the victims—although the robber was masked—and bundled off to duration for a ten-year term.  
Several weeks ago Harwood was captured by the same officer who arrested Singleton for the crime, but never was fully convinced Singleton was guilty. Harwood mitigated its error by restoring Singleton's liberty.

## PLEADS FOR ACCUSED

As the court prepared to sentence Harwood, Singleton appeared and asked the court to temper its decision with the realization of his own four years in a cell.  
"This young man isn't a real criminal. Your Honor," Singleton said. "He has gone straight since the robbery. I served four years in prison for that crime. I bear no grudge against Harwood."  
Judge Murray suspended sentence, and Harwood will be put on probation.

## "Unloaded" Gun Kills the Baby

ONOWAY, Alta., April 18 (CP).—A baby girl was killed here today when a boy fourteen years old pointed a gun at her and pulled the trigger. He did not know the gun was loaded. The victim was the ten-month-old daughter of Sam Klovchovansky. She was being carried in the arms of an older sister, who missed injury by a couple of inches as the bullet pierced the baby's head.

## Cabinet Resignation Comes as Climax to Bulgarian Disorders

Former Premiers Arrested and Interned—Ministers Resign in Protest Against Arrests Precipitating Downfall of Government

SOFIA, Bulgaria, April 18.—A feverish day of arrests, Cabinet resignations and incipient disorders was climaxed tonight as Premier Petko Zlateff's entire Government resigned and King Boris immediately commissioned Zlateff to continue until another Cabinet can be formed.  
Reports from the provinces indicate violent reaction to the summary arrest and internment of outstanding Opposition leaders, among them former Premiers Kimon Gueorgieff and Alexander Zankoff.

A great crowd of Zankoff's adherents gathered at the railway station at Plovdiv to cheer him as he passed through en route to tiny St. Anastasia Island in the Black Sea, where he and four others seized today will be interned.  
Gendarmes, reinforced by cavalry, were called out to disperse the throng with swords and bayonets.

# Renews Efforts To Keep Avenues For Trade Open

U.S. Ambassador Again Protests to Japan Against Manchukuo Oil Monopoly Pointing to Act as Violation of "Open Door" Promises — Vital Principle Involved

WASHINGTON, April 18 (AP).—The United States today made a renewed effort intended, informed quarters said, to keep the slowly closing "open door" in the Far East from shutting on all American exports from Manchukuo.

Acting under instructions from Secretary Hull, Ambassador Joseph C. Grew lodged a fresh protest with the Japanese Government against the establishment of an oil monopoly in the Japanese-backed empire to the detriment of American oil companies operating there.

Phillips said that Ambassador Grew had been instructed to reiterate previous American protests against the monopoly as in violation of treaty obligations and to call attention to promises by Japan and Manchukuo to maintain the "open door."

**PRINCIPLE INVOLVED**  
While the protests lodged by the United States, Great Britain and the Netherlands have been specifically against the oil monopoly, it is understood all three nations consider the prevention of the spread of monopolistic practices into other products as the vital principle involved.

Japanese-American commercial relations were jarred yesterday when

President Roosevelt ordered the tariff commission to make a survey of bleached cotton cloth imports from Japan as the basis for a possible increase in duty. Complaints have been made by textile manufacturers that the imports are unfair competition against American textiles.

## REPLACES FOREIGNERS

The Manchukuo oil monopoly set up a state-controlled importing and distribution system to replace the American and other foreign oil concerns which built up their business while Manchukuo still was the Manchurian provinces of China.

Despite treaty provisions and "open door" pledges, Manchukuo, since its establishment as a separate state, has organized the oil monopoly and hinted that its establishment would be followed by Government monopolies in other fields.

## STRIKE WITH HARD WORDS

Public Works and Relief Funds Weapons Used After Vituperation

WASHINGTON, April 18 (AP).—Amid a give-and-take of hard words, two Administration spokesmen today struck at Senator Huey Long, of Louisiana, and Governor Eugene Talmadge, of Georgia, through the public works and relief funds.

Secretary of the Interior Harold Ickes, asserting that Long had "hallucinated the intellect," and adding he did not "know how to do business" with Talmadge, held up four public works projects in Louisiana and cancelled the same number in Georgia.

**ACTION, NOT WORDS!**  
Harry L. Hopkins, relief administrator, later remarked that "the only thing that counts is action; words don't mean anything." He thereupon disclosed he had taken the administration of relief in Louisiana out of the hands of Governor Allen, Long's lieutenant, and indicated he might have to give relief in Georgia through the cities rather than the state because of a lack of state appropriation.

From Long had come word that he was coming back to Washington to "nail Ickes' ears back" in a Senate speech on Monday. Talmadge had said President Roosevelt was a "radical in the extreme form," who could see only those persons whom his secretaries permitted to come in. He predicted a third party in the next election.

**BILLS PUSHED THROUGH**  
BATON ROUGE, La., April 18 (AP).—The Louisiana Legislature pushed Senator Huey P. Long's bills toward final passage today in the face of threats from Washington to withhold Federal funds from the state.

The Senate finance committee quickly approved bills designed to

The picture is a tall view taken from a launch off the Oakland piers. The portion of the great bridge project shown in the photo is the semi-completed section between the Alameda Mainland and Yerba Buena Island, naval station. Less than five minutes later the plane was roaring out of the Golden Gate on its history-making flight.

## Lloyd George Tells British Government Of New Deal Plans

Observers See Little Prospect of Former Premier's Vast Public Works Programme Being Adopted — Cabinet to Further Consider Proposals

LONDON, April 18 (AP).—David Lloyd George laid his "New Deal" for Britain before the British Government today, but observers saw small prospect that his vast public-works programme, the heart of his scheme, would be adopted. A special Cabinet committee listened for two hours while the white-haired little "Welsh Wizard" explained his far-reaching plans to hasten the return of prosperity in the land.

Emerging, he seemed cheerful. He refused to discuss what took place at the meeting.

After several further sessions, the Cabinet committee will draw up conclusions concerning the war-time Premier's proposals for submission to the whole Cabinet.

**FOLLOWS INVITATION**  
Today's meeting came about in consequence of an invitation Prime Minister Ramsay MacDonald extended to Lloyd George recently to present details of his plan for the Cabinet's consideration.

Previously the fiery Welshman had roamed England and Wales assailing the Government's asserted unsatisfactory dealing with the depression and problems growing out of it.

It was expected the balanced budget handed down this week by Neville Chamberlain, Chancellor of the Exchequer and Lloyd George's old political enemy, would preclude consideration of the "new deal" public works provision.

**URGES INTERNAL LOAN**  
However, it was understood Lloyd George wanted to ascertain the Government's opinion of his proposal to float an internal loan for national development.

While Lloyd George has denied Cabinet aspirations, some quarters profess to believe he might ultimately be invited to enter the Government.

## MINISTERS TO BE KEPT BUSY

Implementing and Drafting Legislation Goes On While Members Take Holiday

OTTAWA, April 18 (CP).—Government ministers and permanent officials will be busy during the long recess of Parliament implementing legislation already adopted and drafting new legislation in readiness for resumption of the sittings on May 20.

Amendments to the Canadian Farm Loan Act which were given Royal assent yesterday became immediately effective and Finance Minister E. N. Rhodes will be faced with the task of changing over the system from combined Dominion-Provincial control to purely Dominion jurisdiction.

Legislation based upon the report of the Mass Buying Commission will require considerable work on the part of the law officers. There will also be the matter of outlining a housing policy based on the report of the committee of the House which dealt with that question.

Cabinet councils will be resumed early next week when the ministers return from their Easter holidays and Sir George Perley will continue to act in the place of the Prime Minister.

## Al Pearce Must Make Big Money

SEATTLE, April 18 (AP).—Sued for \$11,500 against Al Pearce, radio star, was filed in Superior Court today by Frank Funkhouser, Spokane attorney, who said the money was due him for commissions in getting Pearce a National Broadcasting contract.

The complaint estimates Pearce's earnings under his National Broadcasting contract at \$250,000.

## H. J. PENDRAY ROTARY HEAD

Succeeds J. Morse Hatt as President of Rotarians — Tells of Trip

Herbert J. Pendray was yesterday elected by acclamation by the Victoria Rotary Club as its president for the next twelve months, succeeding J. Morse Hatt in the presidency.

Mr. Pendray is a veteran member of the organization, and has always shown a keen interest in its activities.

Rotarians will select seven directors on April 25 from the following list of seventeen members: Arthur Brown, B. R. Cleri, E. R. Coates, A. H. Cowlishaw, Alex. Glenday, T. J. Goodlake, C. R. Ireland, J. V. Johnson, J. A. MacKay, E. W. McMullen, A. J. Maynard, R. T. Murphy, G. C. Plowman, F. M. Shandley, Dr. V. B. Taylor, Frank Turley and J. A. Walford.

**CONVEYED GREETINGS**  
Mr. Pendray gave a short talk on his recent visit to the Orient. He had conveyed greeting from the Victoria Club to Rotarians at Singapore, Surabaya, Brisbane, Sydney, Hastings, Wellington and Honolulu.

Mr. Pendray said that Yokohama and Tokyo, in which the earthquake of 1923 destroyed 684,650 houses, showed no signs now of the terrific catastrophe. He described the business section of Tokyo as being almost like that of any modern American city. He mentioned that to get a licence for a foreign automobile in Japan, one had to go through a difficult examination.

This was done to boost sales of Japanese vehicles, for which licences were granted without any tests.

**SIAMESE TEMPLES**  
Passing through Japan, the speaker told of scenery and customs in Shanghai, Hongkong, Macao and Siam. At Hongkong he met Lee, son of the late Lee Mong Kow, who gave a Chinese banquet in his honor. At Macao he made note of many vessels with four-inch guns, iron bars over windows and cages around gang planks to ward off Chinese pirates. He described the beauty of many Siamese temples decorated with choice marble and gold leaf, but friendly lizards, mosquitoes and other small insects detracted somewhat from the interest of the country.

Mr. Pendray introduced six full-blooded Nezperce Indians from the Nezperce Indian reservation in Idaho. They furnished several orchestral selections at the luncheon. Members of the band were Chief Tl, Chief Little Joe, Pete McCormick, Abe Atwell, Duke Wellington and Mike McCormack.

## LAST RESPECTS PAID TO CITIZEN

Large Congregation Present at Funeral of Allan S. Ashwell Held Yesterday Afternoon

There was a large attendance of citizens representing the many interests with which the late Allan S. Ashwell had been identified during his lifetime at the funeral services which were held yesterday. A resident of Victoria for many years, Mr. Ashwell had a very wide circle of acquaintances in and about the city. The floral offerings attested to the great esteem in which he was held.

The services were conducted by Rev. Canon Chadwick both at the chapel and later at the graveside. The congregation sang "Nearer, My God to Thee" in connection with the Anglican service.

At the graveside the funeral ritual of the I.O.O.F. was conducted by David Dewar, acting noble grand, and William Farquhar, as chaplain.

The pallbearers were drawn from Columbia Lodge No. 2, I.O.O.F., of which the deceased was an active member. They were Thomas Neville, Walter Kitt, Walter Duncan, James Hay, A. L. Allison and S. N. Reid.

Mr. Ashwell was also an active member of the Masonic order and members of Victoria - Columbia Lodge No. 1, A.F. & A.M. were present. Interment took place in the family plot in Rose Bay Cemetery.

## ARE EXTENDING THEIR SERVICES

Canadian Railways Making Move to Meet Competition in Freight Handling

MONTREAL, April 18 (CP).—As a further experiment on the part of Canadian railways to meet "unregulated competition of highway freight transportation," announcement was made today by the Canadian Pacific Railway and the Canadian National Railways of another extension of the freight pickup and delivery service in Eastern Canada.

The joint announcement says the new service will provide for four different tariff ratings, depending on the class of traffic to be handled. The new scale of tariffs is expected to be put into effect on May 1.

Extension of the service will be made to all points from Toronto east to Quebec and Megantic and west and east of Toronto for any distance up to 375 miles.

It is said the new tariff is being published in a further effort to determine the most effective method which can be employed to return to the railways a larger proportion of merchandise traffic now moving over the highway.

The railways will use cartage agencies already in existence to avoid any capital expenditure in the acquiring of new facilities.

## SEA CADETS PUT ON FINE EXHIBITION

Rainbow Division Demonstrate Nautical Skill at Armories Last Night

### BOYS INSPECTED BY MILITARY OFFICERS

Going through their drills, exercises and demonstrations with precision characteristic of any ship's company, boys of the Rainbow Division of the Sea Cadets put on an excellent show at the Armories last night and were inspected by officers of the Canadian Scottish Regiment.

The inspecting party consisted of Col. Roy Sargent, officer commanding Canadian Scottish Regiment; Lieut.-Col. Walter Bapty, officer commanding Second Battalion; Lieut.-Col. J. R. Kingham, officer commanding First Battalion, and Col. F. A. Lindsay, president of the Victoria and Island Division of the Navy League of Canada.

**300 SEE DISPLAY**  
The division, numbering sixty-three, exclusive of the drum and bugle corps, was in charge of Lieut.-Commander P. W. Tribe, officer commanding Rainbow Division. All ratings were in uniform and presented a fine showing when the inspection party took the salute promptly at 8 o'clock. The crowd of approximately 300 that lined the galleries on either side of the drill hall, thoroughly enjoyed the exhibition and showed their appreciation by generous applause as each event was concluded.

**FIRST AID CLASS**  
The first demonstration was that of first aid, arranged by the first aid class under the direction of Sergt. W. Allison. It was an exhibition of resuscitation of a cadet from supposed drowning by one group and a demonstration of general first aid to the injured by another group. The first-aid work consisted of bandaging and the use of splints and raising the injured cadet to be placed on a stretcher. The work was carried out with the greatest of care, and boys of both groups were complimented by Lieut.-Col. Walter Bapty, a medical doctor, who personally inspected the completed work.

A club-swinging class, under the direction of Lieut. C. M. Henry, instructor, and Petty Officer Horsfield, as leader, performed. This display was admirably executed and was carried out under spotlights. The leader performed with heavy sabers instead of the regulation Indian clubs.

**SHEERLEG SET UP**  
The next three items on the programme gave the boys an opportunity of showing their skill at real naval work. The first was setting up a sheerleg. This demonstration consisted of roping and guying two poles to form a hoist. When completed, the sheerleg resembled an inverted letter "V" with block and tackle at the apex. The sheerleg was erected in less than four minutes and was taken down in exactly twenty seconds. This class was under the direction of Instructor A. Hardy, R.C.N.

A class under the direction of Instructor Captain J. A. Phillipson gave a demonstration of the use of the international rules of the road as applied to shipping. This display was cleverly arranged, the cadets carrying side and mast lights electrically controlled and representing ships. The rules of the road were explained by Captain Phillipson and carried out by the "cadet ships." He also explained the nautical meanings of certain lights displayed by ships at night, such as towing lights, anchor lights and lights denoting the length of the ship—under 150 feet and over 150 feet.

**NAVAL MANOEUVRES**  
The signalling exhibition was also instructive to the audience and was put on by a group of cadets in charge of Instructor C. Wilson. In this display, signals were hoisted at a shore station and responded to by cadets representing ships. This display also included a number of naval manoeuvres, the cadets acting as battleships moving in formation from signal orders given from the bridge of the

### Duncan Satisfied With Explanation Of New Fair Date

THE Cowichan Agricultural Association, which wrote to the City Council Wednesday protesting against any change in the date of the Provincial Exhibition at Willows Park, is now satisfied with explanations.

T. W. Hawkins, president of the British Columbia Agricultural Association, and W. H. Mearns, secretary, visited Duncan yesterday to explain that it was necessary to hold the fair here from September 7 to 14 in order to avoid loss of some \$4,000 in gate receipts and a pari-mutuel grant from the Government. Duncan's fair will be held on September 13 and 14, the original date planned when it was thought the exhibition here would take place in August.

make-believe flagship of the squadron. On the bridge were Yeoman of Signals C. A. Clarke and Signaller J. Hutton. The formations were exceptionally well done and indicated the intensive training that must have been required to put on a display without one mistake.

The programme concluded with "Sunset" with the ship's company assembled on deck while the Union Jack was lowered. Before dismissing, the cadets were formed in a hollow square and were addressed briefly by Col. Sargent, who complimented them on the display and referred to the value of the training they were receiving. He also complimented the officers and instructors.

**QUICK TO RESPOND**  
One of the most striking features of the evening's programme was the quick response of the cadets to orders and commands. Every item was carried out with clock-like precision and each cadet seemed to know exactly the post he was to occupy and lost no time in getting to it. The entire programme deserved the highest praise, and the spectators showed their appreciation at every opportunity. The annual inspection of the cadets does not take place until some time next month.

## May 24 Celebration Committee Announces Parade Programmes

Three Entertainment Features Arranged—Many Cash Prizes to Be Given in Two Parades—Highland Dancing and Piping Contests Listed

MANY cash prizes, gold, silver and bronze medals will be presented winners in the three entertainment features being arranged by the parade and streets committee of the May 24 general celebration committee, it was announced yesterday.

Every effort is being made to make the parade one of the most ambitious ever organized in Victoria for a May 24 celebration. E. M. Whyte, chairman, stated. Twenty divisions have been provided in the procession, and substantial cash prizes are being offered to induce citizens to support the parade to the fullest extent. The street parade will start at 12:30 p.m. from Beacon Hill Park, and will cross the Causeway in time for visiting excursionists to see the spectacle.

On May 23 at 9 p.m., a Mardi Gras parade will be held. In this parade there are sixteen divisions, which have been designated with a view to fostering a real carnival spirit among the spectators.

## LAND SALES INCREASING

City Department Sells  
Twelve Lots for \$4,500—  
Report Optimistic

Indications are that property in the city is coming back into its own again, according to Major M. Kirkpatrick-Crockett, city land commissioner. Up to April 15, twelve lots were sold by the city lands department since books were opened on January 2. Only three lots were disposed of during the corresponding period last year.

"Sales have increased because conditions in general are better in the city," Major Kirkpatrick-Crockett stated yesterday. "There is no doubt in my mind that property is coming back again. People are building and carrying out alterations now because they realize that the present wage scale for artisans is going to increase," he concluded.

**SIX DWELLINGS**  
Of the twelve lots sold by the city this year, six are to have houses erected thereon. They changed hands for \$4,500, or nearly \$400 per lot. The three lots sold up to April 15 last year brought \$2,400.

City rentals, sales and agreements for sale up to April 15 totaled \$7,300, as compared with \$5,800 last year.

When the City Council met Wednesday afternoon, the mayor and aldermen approved sale of a lot on Bay Street to Archie Silas Miller for \$250; one on Rose Street to Mrs. J. Black for \$240; one on Gorge Road to Samuel Henson for \$500, and another on Douglas and Carleton Streets to Alexander Green for \$150.

## MAYOR BARSBY VISITOR HERE

Discusses Plans for Big  
Tourist Trade Rally to Be  
Held in Nanaimo

Mayor Barsby, of Nanaimo, was in conference with officers of the Tourist Trade Development Association of Victoria and Vancouver Island, yesterday, completing details of the programme for the big rally to be held in Nanaimo on April 27.

The Mayor said that Up-Island points were being swept with a wave of enthusiasm for the movement, and that the citizens were organizing to capitalize on the five-year plan. Parksville is sending a delegation of forty, the Mayor declared.

### "ON TO NANAIMO"

Two specially chartered buses, and twenty private cars, carrying some 200 persons, will leave Victoria at 8:15 a.m. from the City Hall on April 27. This caravan, bearing banners, will be supplemented by other delegations as it moves "On to Nanaimo," which is the slogan of this rally.

At Cobble Hill three cars will join the caravan. Cowichan will add four, Duncan ten, Chemainus six, and Ladysmith eight.

Preparations have been made to welcome some 2,000 delegates to Nanaimo. Another caravan will travel south from points north of Nanaimo.

## Organist to Make Visit To Old Land

STANLEY BULLEY

Stanley Bulley, organist and choir-master at Christ Church Cathedral, will leave here on Sunday, April 28, for England, having booked passage on the Ss. Champlain, sailing from New York the end of the following week.

He will spend about four months in the Old Land, during this time intending to make an exhaustive survey of teaching of music in the schools of England and Scotland; to review what is being done in the teaching of appreciation of music in adult education courses, and to attend the conference of organists of

E. Fehn, United States Newspaper  
Publisher, and Wife Enjoy  
Visit in Victoria

"If Vancouver Island expects to draw and hold American tourists, it must have good roads," E. Fehn, publisher of The Courier newspaper in Evansville, Ill., stated in an interview at the Empress Hotel. Accompanied by his wife, Mr. Fehn has been traveling across the United States and visiting in California.

Conditions in the United States were gradually improving, and more people were traveling, Mr. Fehn said. In California plans were being made to welcome thousands of tourists this summer, and already Los Angeles was crowded with visitors.

Mr. Fehn was interested in Provincial and Federal Government policies and asked many questions concerning them.

Shortly after their arrival here, Mr. and Mrs. Fehn motored around the city and visited R. P. Butchart's gardens, which they thought magnificent. The charm of the city and its "Old English" atmosphere have completely captivated them, the visitors said, and added they plan to come again to Vancouver Island.

**Tag Day Will Be  
Held in Aid of  
Recreation Room**

Arrangements for the tag day to be held tomorrow in aid of the funds of the Citizens' Recreation Rooms are completed. Mrs. Styles Behl and Mrs. A. S. Christie, the conveners, will be on hand at the headquarters, 623 Yates Street, to

allot stations to collectors and supply them with the necessary boxes, streamers and tags.

There are still a number of good locations left, especially for the afternoon, for any who have not yet come forward to offer their services as taggers.

The committee emphasizes that the need still exists for this shelter for unemployed and homeless men, notwithstanding the apparent increase in employment, and feels confident that the general public will back them up in their efforts to provide funds now to insure this shelter being kept open.

## CIVIC SERVICE SALARIES

There is no element of the taxpayers in this municipality who should object to partial restoration of salary and wage reductions to civic employees. It is a simple act of justice, and Alderman P. R. Brown is to be congratulated on having taken the initiative in the matter. This step is being accomplished without any increase in the mill rate. The amount of the restitution to be made is 3 per cent. Possibly the word "restitution" is wrong in defining a partial restoration to salaries and wages that prevailed some years ago. Reversion would be a better word to employ in the circumstances.

The action inspires greater confidence in the present and greater hope for the future. There is nothing so dulling to the initiative and enterprise of the keen worker than the knowledge that in his material fortunes he is standing pat. Circumstances do arise where little or nothing can be done in this particular. It should, however, be the prime aim of any employer to encourage faithful service. That is the practice that inspires good work. Strict adherence to duty and betterment in each day's work because of experience gained are worthy of progressive reward. That principle, covering all business, makes for both a happy and a prosperous community.

## "THE PEOPLE'S ROAD"

A subscriber asks us to explain why it is that the Canadian National Railways are called "The People's Road." That name was given by those who desired to popularize national ownership of the railways; the C.N.R. was so called in an effort to lead people to patronize it in preference to the Canadian Pacific Railway. It is the people's road, inasmuch as it is owned by the people. The people, however, have to pay ordinary fares and ordinary freight rates for the use of this transportation facility, and in addition, through taxation, have to find large sums of money to provide interest on the capital investment. In other words, the people as a whole receive no dividend on the national railways. They are a losing venture.

The so-called people's road has to pay interest to bondholders who have not, so far, been bought out by the Government. This interest is not earned under national ownership, so that it has to be voted annually out of moneys derived from the taxpayers. At the present time national ownership of railways is costing the people of Canada approximately \$1,000,000 a week. This amount, and more than this amount, could be saved, according to Mr. E. W. Beatty, if there was a single management of the transcontinental systems of the Dominion under which much-needed economies would be introduced. Those economies are not introduced under the present system of co-operation because political reasons prevail. In other words, sectional interests are so powerful, because votes are involved, that the Board of Trustees, which administers the Canadian National Railways, will not run the risk of enforcing economies although it is realized that such are essential for the financial welfare of the country.

The term, "The People's Road," is an ironic commentary on the railway situation. The people have to bonus the road to the tune of what officials at Ottawa describe as imperiling the financial credit of the country. The history of state ownership of railways in Canada represents the loss of upwards of half a billion dollars. The country with its present population has too many railway facilities, and hence national ownership which has entered into the competitive field has proved a heavy loss to the people. The Canadian National Railways are the people's road by virtue of ownership and, as well, by virtue of the fact that they are a millstone round the people's neck. The annual loss which they entail is the greatest of the financial problems now facing the country, and the unfortunate thing is that nothing worth while is being attempted to find a solution.

## EDITORIAL ANONYMITY

Mayor James Simpson, of Toronto, in a recent address to his Socialist followers at Galt, submitted the proposal that editorial articles in newspapers should be signed by the writers. He said that if he were ever in a position to do so he would make that proposal effective. His argument in favor of this course is not a very convincing one, for he simply said that, "if some of these men who write editorials discrediting men in public office were as well known as some of the subjects of their attacks their opinions would not be considered as worth two cents."

Mr. Simpson probably knows little or nothing about the history of the press or the fight that it maintained until it won its freedom. He is simply incensed because some newspapers have ventured to criticize his actions. That privilege must maintain under democracy; it would probably be destroyed under Socialism, as it has been in some countries where Socialists are in power.

What Mr. Simpson will not acknowledge is that editorial opinion is the opinion of the newspaper concerned. Editors come and go; a newspaper, well established, goes on through the years. If its editorial opinion is worth while that is one of the reasons for its permanence. Nothing whatever would be gained by signed editorials, for it is the paper itself, not any individual, that is giving expression to viewpoints. It is not a question of anonymity; it is a newspaper as a corporate entity that voices editorial opinion. The vast majority of editors, so far as they are individually concerned, want no publicity whatever. The publication of their names would not interest the public. It is with the opinions of the newspaper itself that its readers are concerned. If Mayor Simpson had read his PUNCH he would recall that organ's comment on the Shakespeare-Bacon controversy when it said

that it was persuaded that William Shakespeare did not write his plays but that they were written by another man of the same name.

## HOME RULE FOR INDIA

The Calcutta Statesman lays emphasis on the attitude of the Indian Princes in opposition to the proposals for Federation, the measure of home rule for India which is now the subject of legislation in the British Parliament. That newspaper says that a responsible Central Government for British India alone, interlarded as it is with the States, is an utter impossibility. The Princes, led by the Maharajah of Patiala, are opposed to the proposed federation. That scheme, too, is opposed by the Indian Legislature.

The Statesman believes the plan should not be proceeded with at present. It says that it will take several years before a Federal Government could come into being. Negotiations to that end can continue even though the federal machinery remains unprovided. There is no doubt that the strenuous opposition of Mr. Winston Churchill and the following he has in this respect in the British House of Commons, is having its effect. Misgivings are arising in many quarters about the feasibility of home rule in India, and no event that has happened in this connection is of more significance than the attitude of the Indian Princes.

## CROONERS

The popularity of "crooning" is possibly due to the spirit of an age which is full of complaints. The word comes from the Dutch "kreunen," which means "to groan, whimper," or an earlier derivation is Frisian, "kroenen," which means "to cause to weep." In Scotch, "crooner" is the name of a fish called so from the noise it makes when landed. These are the Oxford Dictionary's explanations of the derivation, which would indicate that only those with sad thoughts in their hearts can appreciate crooning. That any crooners should have become popular idols is a commentary on the spirit of the age. It strikes a lugubrious note and recalls how Dickens described one of his characters as "crooning out a feeble accompaniment." It is not strange that the words that go with crooning should be those of ineffable drivel. The voices which croon are, as one commentator says, "agonized, inconsolable and grief-bemused." A crooner, better than anyone else, can give a representation of a soul in torment. Among those who appreciate the language there is no misunderstanding of what crooning is. It is a form of walling.

Mr. Mitchell Hepburn, the Premier of Ontario, in his election campaign laid stress on economies in the conduct of public business. He promised sweeping reforms in this particular. Now he has given notice that the annual bill of the Province will be \$60,000,000, as compared with \$40,000,000 in the past. It is no small wonder that a special session of the Ontario Legislature is to be held with the specific purpose of devising new forms of taxation. It is more than likely that Ontario will grow weary of Liberalism even quicker than it did of the Farmers' Government which performed a brief Rake's Progress in the affairs of that Province.

## MR. JOHN BUCHAN

It was a happy inspiration to appoint Mr. John Buchan to be Governor-General in succession to Lord Bessborough. It might have been supposed some time ago that he would have been given a job in the Government. But a junior position, such as is usually offered to a man who has not held office before, would not have been commensurate with his experience and abilities. So, twice in succession, he was appointed to represent the King as Lord High Commissioner of the Church of Scotland; and now a highly appropriate place has been found for him as the King's representative in a Dominion.

Here his social talent, his versatility, and the very breadth of experience which has possibly handicapped him in politics will serve him in good stead. For forty years his career has been watched with interest by those who knew him as one of the most promising undergraduates who ever resided at Brasenose College, Oxford—Janus, in The London Spectator.

I do hate a proud man as I hate the engendering of toads.—Shakespeare.

Nature can soothe if she cannot satisfy.  
—A. K. Green.

## Note and Comment

T. R. B. D.

For in the Winter is past, the rain is over and gone; the flowers appear on the earth, the time of the singing of birds is come, and the voice of the turtle is heard in the land.—Song of Solomon.

Answer a fool according to his folly.—Proverbs.

The sun is mounting high in his heaven, the days are increasing in length, the trees are in leaf and in bloom, the bees are buzzing in the orchards, the skylarks are singing in their sky, the song-sparrows are warbling their hymn, the swallows are building their nests, but Winter is still dallying in the lap of Spring. Even the opening of the joyous baseball season is not a sure harbinger of Spring. We are told that the vernal season has jumped a cog everywhere and that the Spring is the latest on record, with possibly the exception of that strange year in America in which there was neither Spring nor Summer, sowing of seed nor reaping of harvest.

In Victoria the current Spring is but a bleak imitation of the "real thing." We shall not have Spring until there is a sound of merriment and argument on the greens where the bowls roll and the voice of the skip may be heard admonishing his lead, his second and his third to "get them up, man, get them up!" The turf has been carefully and skillfully prepared for the annual opening day, but it is heavy and it is hard to gauge weight and length. The opening day, so joyously acclaimed by bowlers who have no responsibilities, but play the game for the fun of the thing and for the comradeship of it, tests the temper of the skips. The long days of waiting are over, the greens are open. For many months, day and night, the games will go on, and joy will be unconfined. When all other signs fail, Spring is here when the greens are opened for play and the voice of the skip may be heard in exposition, commendation or expostulation.

Without making any claim to prophetic inspiration, we remember writing that the newspapers and persons who, temporarily bereft of their judgment, became political apostates and helped to elect the Ontario Hepburn Government would live to rue the day of their obsession. That day has come. We notice that a paper called Saturday Night, and published in Toronto, has demanded that the Ottawa Government shall step in and by vetoing the bill of bond and interest repudiation passed by the Legislature, save the province and the Dominion from the consequences of the act of Premier Hepburn.

The Dominion Government, of course, has the power to do that, but there are occasions when it is not wise to exercise arbitrary powers. It is a long time since any Lieutenant-Governor has withheld his signature from any measure introduced by a Government and passed by any Legislature. It is a correspondingly long time since any Dominion Government has vetoed measures adopted by any provincial Government. On the occasions when that has been done there has been a great deal of fuss and fury, generally signifying nothing. Political passions have been aroused and sectional issues have been raised.

In the matter of the Ontario legislation it is not a question of power or of right. There is a suspicion abroad that in forcing the issue of repudiation Premier Hepburn was acting on an assumption that he was putting a spoke in the wheel of the Dominion Government and placing a powerful political weapon in the hands of the Dominion Opposition. In short, it is believed that Mr. Hepburn had his repudiation legislation passed for the purpose of compelling the Ottawa Government to veto it, and thus raising a hue and cry about provincial rights and the dictatorship of Prime Minister Bennett.

There is an ancient epigram of platitude to the effect that the people of any country or province get the kind of government they deserve. That may seem a hard saying in the case of Ontario. Such an exceedingly good people as the people of Ontario are reported to be and claim to be surely are not deserving of such an affliction as the wild man Hepburn and the equally wild government he has given them. The political apostates have got the kind of government they wanted, and if it is not the kind of government they deserve, that is their own fault. Why should the Dominion Government stick its hand in the fire the provincial Government has kindled?

## FIFTY YEARS AGO TODAY

(From The Daily British Colonist of April 19, 1885)

The Crops.—The very favorable weather of the past few weeks has enabled the farmers to advance seedling almost to a finish. The crops look a perfect picture of loveliness, the cultivated land being varied with orchards in bloom, while the grass fields are filled with an endless variety of lovely flowers. A drive through the country over the fine roads is a most delightful recreation to be indulged in at the present.

The Roller Coaster.—The managers of the roller coaster or gravity railroad will open the exciting and pleasurable amusement on Monday evening at 6:30 o'clock, when a band will be in attendance, and the Central Park beautifully illuminated with varied lights. Be sure and go to the novelty. The coaster will be in operation on Tuesday afternoon from 2:30 until 5 o'clock.

New Arrivals.—Another large lot of passengers arrived yesterday from Ontario, via the Northern Pacific, their destination being the Island Road. They are all practical mechanics and railway men, being the intention of Messrs. Bell and Patterson, with whom the associated Central Larkins, of Larkins, Connolly & Co., to employ white labor to as great an extent as possible on the railroad work. Several carloads of railway plant are on the way from St. Paul, steam drills, derricks, etc., and the work of construction on the new contract will be rapidly pushed.

There is another aphorism pertinent to the case. It is said to be a wise thing to let certain articles being prepared for human consumption stew in their own juice. If the people of Ontario are destined to be cooked, they flourished into the pan and kindled the fire.

The Dominion Government should not interfere and is not likely to interfere. The possibilities are that Rt. Hon. William Lyon Mackenzie King will rue the choice he made when he picked his friends. Hepburn is notorious for disloyalty to the friends of his own political household. While sitting in the Dominion House he arbitrarily fired (to use his own word) two provincial leaders, and neither of them is included in his cabinet of political curios.

### The White Man's Gift

It's fine to give His Majesty that silver Thunderbird with a tummyful of gold nuggets, and an Indian basket and all to pack it in. But is it quite wise to label the gift as "typical of the Province," and help to keep alive the too-persistent belief "over there" that we live with scalp-hunting Red Men at the front door and wolves and grizzly bears howling and growling at the back?—R.L.P.

### Passing Up on Passes

Victoria Little Theatre Association, which is to be highly commended on the type of plays presented to the general public, committed a glaring faux pas on Wednesday. The association wrote to the City Council inviting that body to attend en masse a play they will present at Shrine Auditorium on April 22. But no few tickets were enclosed. Aldermen commented volubly on the omission. They thought the Mayor, at least, should have been sent a few "Annie Oakleys" or "skulls," as gratis postcards are called in theatre slang.—G.B.

### Noblesse Oblige

On Government Street, the other day, the editor of an influential British Columbia newspaper was approached by a florid and genial looking person who said, with a Scotch accent, "I am too honest to steal and too proud to beg. What do you make of it?" "I suppose you want the price of an other drink," said the observant editor. "Aye, that's it," replied he of the unsteady step. He got it, for the editor could not resist such an appeal.—H.C.M.

### Mountains of Laws

Like coral insects building cell on cell until islands rise above the ocean, man in parliament has added law on law until mountains of statistics rise to block his progress. The British Columbia Legislature makes an average of seventy statutes a year, and achieved ninety-nine new or amending laws at the last session. Each statute sets out what may be done, or what shall be done. Divine law, in ten commandments, encompassed all human activity, stating simply what should not be done. Even today one of the ten commandments is omitted from the law libraries of the world.—S.G.

### And Now, Mr. Speaker!

Now that the Thunderbird bowl has been publicly exhibited, and the public has been duly impressed by the gracious letter that Premier Pattullo has sent to His Majesty, the time has come when we want to see Mr. Speaker Harry Perry in his knee pants and buckles which he will wear at Court.—B.A.M.

No letter to the Editor will be inserted except on the proper signature and address of the writer. This rule admits of no exception. No letter should exceed 100 words in length.

### ORANGES GROWN IN SAANICH

Sir,—In your edition of Sunday last considerable space was taken up on the "Suburb and Country" page by a beautiful illustration of oranges growing at the Experimental Farm in Saanich and an article on the culture of same.

This is interesting, but it is difficult to see what useful purpose is served by spending public money on the culture of semi-tropical fruit which can never be grown commercially in Canada.

The time and money spent on producing this fruit might, one would think, have been more usefully employed in experimentation on some fruit or vegetable which can be grown under natural conditions.

The Victoria issue of The Khaki Call, official organ of the Army and Navy Veterans in Canada, issued yesterday, officially credits the Victoria unit with distribution of \$24,067 in charity during the past six years.

The donations cover relief to those in need and grants to institutions. It is pointed out the money is spent with the business public of Victoria for food, clothing, fuel, medicine and other necessities. The money represents grants from the Dominion Command, Army and Navy Veterans, and profits made by the local unit.

DONATIONS MADE  
Donations in the last year have been made to the Albert relief fund, firemen's benevolent fund, Queen Alexandra Solatium cot endowment fund, Salvation Army, Solatium boothhouse, Sunshine Inn, Summer camp, Victoria Lifeboat fund, Remembrance Day committee, city police benevolent fund and Central Exchange.

Help has been given to members and others in need. Veterans in hospital have received welcome visits and gifts of tobacco, cigars, cigarettes and chocolate.

### A TREE PLANTING

(Verses based on remarks by Lord Lachen-Powell when planting an English oak at Beacon Hill Park, Victoria, B.C., on April 12, 1935.)

"Hearts of Oak"  
Great Scout of Scouts! Ye eldred B.P. That planteth here a sturdy tree Of English oak—be it well with thee! May years lie lightly on thy head, We ne'er can dream of thee as dead; World hope of Peace with thee is wed.

I ride as once I used to ride With thee on pony at my side, When all the veldt with rime was white And every kop that hove in sight Spilled out with beams of dawning light.

Keen blew the wind when "Peace" came in That morning from Vereheinh. Three years of trying war were past, All hoped that conflict was the last, Revellie blew a cheerful blast.

Twelve short years we better knew, When England to the rescue flew Of feeble friend from treacherous foe. 'Twas hard—but then we had to go.

"Renunciation" is the word That spells thy later life: The sword Laid by, thy noble will and strength To bring turned throughout its length.

To bring to an unruly world Peace and Good Will—all War Flags furled. Of which an Emblem is this tree, Canadian Provinces! That ye As Scouts, among yourselves agree With such a Leader we combine Good Comradeship—the Law Divine. And by that sign the World may know Our Empire—strong, yet no man's foe.

Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, measured from the average level of low water.

**Poster Contest Draws Numerous Competitors****Arthur Checkley Congratulates Contestants in Making Public Adjudication at Chamber of Commerce Auditorium Yesterday Afternoon**

"The quality of the posters this year is the best I have ever seen in this contest. Previous years have given nothing superior to what is shown here," said Arthur Checkley, adjudicator of the poster competition, held under the auspices of the Victoria Musical Festival Association, in addressing the audience gathered yesterday afternoon at the Chamber of Commerce auditorium to hear the results.

The six winning posters, three each for the High School Group and the Elementary School Group, were on display on the platform, and the names of the winners were announced as follows by Dr. Richard Felton, who acted as chairman:

High School Class (Class 157)—1, Joy Savage, Poplars Private School; 2, Margaret Jupp, Victoria High School; 3, R. J. Iverson, Oak Bay High School.

Elementary School Class (Class 156)—1, Jack Lee and Harvey Lowe (collaborators), North Ward School; 2, Nora Quan, North Ward School; 3, Thibbe Fletcher, Monterey School.

**PRIZES AT FESTIVAL**

Dr. Felton also announced that the prizes would be presented to the winners on the opening night of the Musical Festival, May 14. About seventy posters were

entered in the contest, the non-winners being on display round the walls of the auditorium. These showed a generally high standard of craftsmanship, so much so that Mr. Checkley said he had had some difficulty in discriminating between the winners and a large number of others that were practically in the same class. The drawing and coloring were especially good. Lack of originality, however, was disclosed, several contestants showing a tendency to take their ideas from magazine advertisements and posters and dress them up as their own. It was a good thing to try to express a new idea, particularly in design.

**LETTERING IMPORTANT**

The importance of lettering was also emphasized by the adjudicator. Much of the printing was too decorative for posters, just as numbers of the designs were too frivolous or in other ways unsuited to the subject of Musical Festival. Pointing to the winning posters, Mr. Checkley showed how the artists of these had utilized, but without conveying a sense of overcrowding, the space allotted.

"Posters must convey a message at a glance, in simple form. Do not fill them full of lettering or Christmas card stuff," the contestants were warned.

**DOCKED FROM 'DOWN UNDER'****Aorangi In Last Night With Passengers, Mails and Cargo**

With a fairly large passenger list from Australia, New Zealand and Hawaii aboard, the Canadian-Australasian motorship Aorangi, Captain J. F. Spring-Brown, commencing her voyage to the west coast, arrived alongside Rithet Pier at 10 o'clock last evening.

Some sixty-six travelers left the liner here, a number of whom proceeded to Seattle aboard the S. Emma Alexander, which was in port last night, en route to the Puget Sound port. The Aorangi continued to Vancouver shortly after midnight. In addition to the passengers leaving the ship here, considerable mail and some general cargo were left on the local dock.

Prominent passengers aboard the liner included: Rt. Hon. G. W. and Mrs. Forbes, the former being Prime Minister of New Zealand, going to London; Mr. and Mrs. C. A. Jeffery, private secretary to Premier Forbes; Mr. and Mrs. W. T. Esson and Mrs. C. Esson, superintendant in New Zealand for New Zealand Loan and Mercantile Agency, proceeding to England; C. Bligh, Vancouver, returning home after a visit to New Zealand; T. A. Johns, general manager, New Zealand Insurance Company, on his way to England; Mr. and Mrs. C. T. Nicol, the former being a retired shipbuilder; Mr. and Mrs. J. W. Collins, trade and tourist commissioner for New Zealand in Canada and the United States, and Colonel the Hon. C. J. and Mrs. Smith, of New Zealand, making a round the world trip.

**ALSO ABOARD**

Also aboard the big ship were: Dr. P. S. and Mrs. Foster and Miss P. Foster, the former being a leading surgeon of Christchurch, proceeding to Rotary Conference in Mexico; Lady Alice Denker, prominent resident of Auckland; R. B. Gibbons, director of Hope Gibbons & Company, Wellington; Mrs. L. Dey, resident of Sydney, en route to England; Mr. and Mrs. R. C. Plomley and Miss J. Plomley, the former being inspector for Queensland for Colonial Sugar Refining Company; Mr. and Mrs. A. Derhan, the former being a prominent Melbourne merchant; S. A. Thompson, Sydney barrister, accompanied by his daughter, en route to England; R. W. Rolles, Brisbane; Mr. and Mrs. W. H. Fitzhugh, residents of Sydney; J. McDonald, export manager of Salt Union of Great Britain, and Brig.-General and Mrs. R. M. Betham, the former a retired Indian Army officer on way to England.

Others on the Aorangi were: Rev. James Marshall, B.A., Australian lecturer, proceeding on tour of Canada and United States; Mr. and Mrs. F. Sugden, the former a member of the Council of the British Empire Producers' Association; Mr. and Mrs. N. Hase, the former assistant manager of the Bank of Montreal at Vancouver, returning from Honolulu; A. Woods, of Shanghai, proceeding to London; Lieut.-Colonel J. E. Hill, conducting a party of Australian school boys on tour of Canada and Europe, and Sir Charles and Lady Heaton-Elms on their way home to England from an Australian visit.

a sawmill in the district, which mechanics and carpenters in the group of settlers have agreed to reopen to supply lumber for construction of homes.

Fringing the rich farm lands are fine stands of timber, while the waters of nearby Gulf of Georgia teem with fish.

Sayward at present is reached only by steamer, but it is understood the Privileged Government is planning construction of a highway

to connect the district with Island traffic arteries.

**TO PUT MILL IN SHAPE**

The British Columbia Government has advanced a loan of \$500 to settlers flocking into the Salmon River Valley for the purpose of putting into workable condition a sawmill near Sayward, so that homes may be built for the newcomers, it was learned here tonight.

The Government some years ago, under the Department of Industries programme of assisting industry, advanced several thousands of dollars to owners of the mill, which is still outstanding.

The settlers now going into the district include some mechanics and carpenters, who have, it is understood, agreed to put the mill in shape and turn out lumber for new homes if the Government would advance sufficient money for the purpose. The loan was made as a relief measure only and is added to the amount already owed the Treasury Department, it was explained.

**TIMELY ADVICE GIVEN PUPILS****Head of Typewriter Company Presents Prizes at Sprott-Shaw School**

An interesting event took place, at the Sprott-Shaw School yesterday afternoon, with the presentation of prizes to those winning the various awards for tests assigned pupils entering the school since August 15 of last year.

Of special interest was the fact that the seventy-four-year-old president of the Underwood Typewriter Company, of Toronto, J. J. Seitz, was present and made the presentations. Before presenting the prizes, Mr. Seitz gave timely advice to the pupils.

**PRIZE WINNERS**

The novice typewriting championship, open to all students who began the study of typewriting, on or after August 15, 1934, was won by Miss Ruth Kinch. Miss Kinch's speed record was gross 1,091, errors 8, making 67.4 words net. Her runner-up was Miss Jean Craig.

The accuracy contest was won by Miss Adalene Adair, who wrote for fifteen minutes without making an error and whose rate was 49.5. Miss Adair wrote 743 words in fifteen minutes with 100 per cent accuracy.

The next highest record was made by Miss Winnifred Tait, who made an average of 50.6 words net in three consecutive tests of unfamiliar matter.

**SPEED CONTESTS**

The senior speed contest was won by Miss Roxie Wilson. Miss Wilson's record was 50.6 words net a minute, on a fifteen-minute test of unfamiliar matter.

Mr. William Hayward won the accuracy championship in the senior class with 99.3 per cent.

The beginners' speed championship, open to students who began the study of typewriting after January 2, 1935, was won by Miss Mae Thompson. Miss Thompson wrote 484 words in fifteen minutes with three errors, making a net rate of 30.2 words a minute.

The accuracy championship in the beginners' class was won by Miss Ruth MacPherson, with 99.1 per cent accuracy.

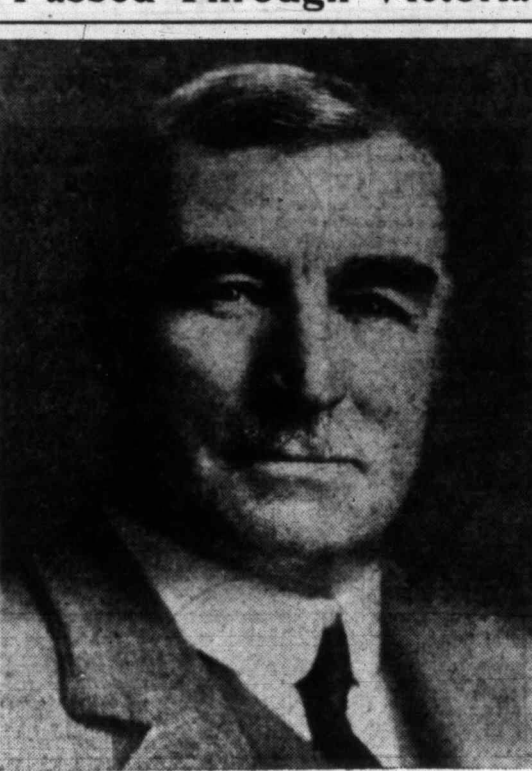

The graduates' contest was won by Miss Jean Munro with sixty-nine words net, and the accuracy championship in the graduates' class was won by Miss Marjorie Speed, M.A., who wrote 798 words in fifteen minutes with 100 per cent accuracy.

**INTRODUCED QUEST**

In introducing Mr. Seitz, the head of the school, James H. Beatty, referred to the wonderful record that had been made by a former pupil of the school, Miss Irma Wright, who had carried off the silver trophy offered through the courtesy of Mr. Seitz for competition throughout the Dominion. That trophy was still held in the school, never having been challenged by any contestants since it was won by Miss Wright.

Mr. Beatty also referred to the efforts of Mr. Seitz in the encouragement of speed contests among typists and also in the line of basketball championships.

Mr. Seitz, in opening, referred to

**City & District****SPEAKER'S ADVICE**

He urged students to apply themselves, so that when they graduated, and went out to take positions with business men, they would give efficient service. They must be honest to themselves and honest to the employer.

He told of his life briefly from the time of his birth on a farm in Bruce County. He had taught himself telegraphy on one of the oldest types of instruments, and was one of the first to make use of the typewriter in copying press dispatches. From this he had been drawn into the typewriter manufacturing.

Mr. Seitz advised the pupils against being nervous, and told of the burden a good stenographer could take off the shoulders of the employer. A new generation was coming on and before him he saw young people who would be called upon to take the place of those who had passed on.

Miss S. E. Craig, local representative of the Underwood company, was present and offered her services to any of the pupils who wished to register at the office.

**POLICE GUARD GEESE ON NORTHERN FLIGHT**

BRITANNIA, Ont., April 18 (CP).—Royal Canadian Mounted Police have a new assignment today, guarding hundreds of Canada geese resting on Lake Deschene, near this Ottawa suburb, before they resume their long flight northward.

The officers estimated the number of birds landing and taking off from day to day at between 700 and 1,000.

Mongers of curious facts are giving wide publicity to a new one. It is found the militia of Kentucky really outnumber the colonels.

**Announcements**

The great distinction between electrolysis and all other treatments for the removal of superfluous hair is that it is absolutely sure and permanently destroys the hair instead of temporarily removing it from the surface, and the pain is just the ordinary stinging sensation peculiar to all electrical treatments. So truly there is nothing to be afraid of—not even the cost! Miss Hanman will be most happy to express an opinion about your case if you will call to see her. There will be no charge for consultation. Phone G 7642, 503 Sayward Building.

**Frontage Rates**—A by-law setting the water frontage rate for the new water extension mains to the Little Saanich Observatory was introduced at last night's Saanich Council meeting. The rate will be set at 5c per foot for the first five years and 3c per foot for succeeding years. Councillors H. D. Cotton and L. C. Hagan voted against the by-law, both seeking a minimum for all time.

**Chinese Fined**—In the city police court yesterday, Lee Yen and thirty-nine other Chinese were fined \$5 each or in default will spend ten days in jail. They were charged with being found in a gaming house located at 557 Piggard Street. Norman W. Whittaker, who appeared for the accused, said that many of them were only using the place as a resort, being out of work. He pleaded guilty on their behalf. Bail had been put up for all but five of the accused.

**Assault Charge**—Isaac Storey, charged in the city police court yesterday with assault upon R. Ferguson, was remanded until Tuesday next, when a further remand will be granted until April 25. H. A. Maclean, K.C., who appeared for the accused, wanted to go on with the case yesterday, as the accused was a busy man, he said, as a city foreman. A. J. Patton, who is appearing for the informant, wished delay in order that C. L. Harrison, who appeared with him, might have an opportunity to look into the case. Mr. Maclean, on behalf of accused, elected summary trial and entered a plea of not guilty.

Fifteen Australian Youths Arrive Aboard Ms. Aorangi To Tour England

Fifteen eager, but modest lads, ranging from seventeen to nineteen years of age, crowded the rail of the Ms. Aorangi late last night as the liner eased its way alongside Rithet Pier. They were members of the Australian schoolboys' tour, sponsored by the Private Headmasters' Conference of Australia, and were under the leadership of Colonel J. H. Hill.

The boys, when questioned by newspapermen agreed readily enough that they were "having a fine time and had enjoyed the trip over," but refused to make further comment.

Colonel Hill said the boys would make an extensive tour of England, visit Germany at the invitation of a German committee late in August, and early in September would go to Italy.

**BOYS HONORED**

"So far, the trip has been very enjoyable," he said. "The boys had a marvelous time at Auckland, N.Z., where they were honored by Old Boys of King's College. In Suva the Governor entertained us and enabled the boys to see a 'meke,' a native ceremonial dance. At Honolulu the British Consulate and the Chamber of Commerce entertained the party and gave us a banquet."

Through arrangements made by Premier T. D. Pattullo, notice of which were wirelessly to Colonel Hill, the boys will be billeted in Vancouver until Saturday. They will stay two days at Banff and five at Toronto, as guests of the parents of Upper Canada College students. As guests of parents of Lower Canada College students, the party will be in Montreal three days.

The boys are scheduled to arrive in either Southampton or Liverpool on May 11, where they will attend a reception to be given by the High

## Princess Elizabeth Is Present at Ceremonies

LONDON, April 18 (CP).—Little Princess Elizabeth, who will be nine years of age on Easter Sunday, for the first time today saw one of England's minor historic pageants, the distribution of the Royal Maundy money to aged paupers.

From a stall in Westminster Abbey, beside her mother, the Duchess of York, the Princess saw the Archbishop of Canterbury, in his office of Lord High Almoner, distribute the coins.

### CARRIES NOSEGAY

The Princess herself added a touch of old-time symbolism, carrying a nosegay of white lilac and narcissi, reminiscent of the days when nosegays were carried at the Maundy service as a safeguard against plague infection.

The Archbishop and his assistant, the Dean of Westminster, wore on their shoulders, above the usual vestments, long towels of fine linen, typifying the tradition which links Maundy Thursday as the day on which Christ washed the feet of His disciples. They were escorted in procession by the Yeomen of the Guard, in their scarlet and white uniforms and gleaming halberds.

### SEVENTY PENSIONERS

The senior yeoman bore a great dish containing the red and white purses. Seventy pensioners—one for each year of the King's age—were drawn up along the choir aisle. The red purses contained one pound in gold (\$4.86 at par), representing not only part of the Maundy gift, but also a substitute for the provisions supplied in olden days.

The white purses contained "as many pence as the King has years of age." The pence are silver coins, not copper, specially minted for the occasion, and greatly sought by collectors the world over.

For centuries, twelve of the paupers had their feet washed at the ceremony by the Sovereign in person, but James II was the last monarch to perform this rite.

## Nazi Policies Annoy Women

ISTANBUL, April 18 (AP).—Alleged loss of women's rights under the Nazi regime in Germany drew the scathing fire of 300 delegates, representing thirty-five nations, to the women's international congress, which opened here today.

While the famed Yildiz Kiosk, once the pleasure palace of Kaiser Wilhelm, buzzed to the tongues of many lands, the delegates voted to start feminist counter-action against Nazi policies in which Oriental women, just beginning to be freed from male domination, will seek to help save their Western sisters from sinking back into like status.

The delegates were reported to have admitted that the Reichsführer's policy of "kinder, Küche, Kirche" (children, kitchen, church) has made for lessening of women's rights in the Reich. On the basis of their revelations, the conference adopted the programme of counter-action.

### IVINGS-BURDEN

A quiet wedding took place in Oak Bay United Church, which had been decorated with daffodils and cherry blossoms, last evening at 8:45 o'clock, when Rev. G. B. Switzer, D.D., united in marriage Lillian May, only daughter of Mr. and Mrs. James Burden, 1395 Hampshire Road, and Mr. Cyril Walter Iving, youngest son of Mr. P. P. Iving, 2168 Guernsey Street, and of the late Mrs. Iving.

The bride, who was given away by her father, wore a white frock of soft white crepe with raglan sleeves of net appliqued in crepe, and a filmy veil arranged with a wreath of white flowers on her head, and she carried a bouquet of Ophelia roses and freesia. Miss Iris Gaskill presided at the organ, and accompanied Mr. Frank Iving, brother of the bridegroom, who sang "Thine Is My Heart," as the register was being signed.

After the service, the bridal party returned to the home of the bride's parents to tender their felicitations to the bride and groom. Mrs. Burden wore a pretty dress of blue crepe and a hat to match, and a corsage bouquet of sweet peas and carnations.

Refreshments were served from a table arranged with white streamers, pink tapers and vases of forget-me-nots placed at each corner, and the three-tiered cake was in the centre. After a honeymoon on the mainland, for which the bride left in a powder blue dress, a grey, blue-trimmed hat and a grey lapin jacket and matching accessories, Mr. and Mrs. Iving will make their home in Victoria.

## Little Stories for Bedtime

Peter Grows Very, Very Bold  
By THORNTON W. BURGESS

There is a saying which you will often hear. It is that familiarity breeds contempt. Don't be afraid of those big words. The meaning is very simple. That saying means that when you have got used to a thing, even though at first you were afraid of it, you get so that you not only are not afraid of it, but may grow careless in regard to it. Something very like this happened to Peter Rabbit after his discovery of Buster Bear still in his winter sleep under the great pile of brush in the Green Forest.

You remember that when Peter first discovered Buster there, little cold shivers of fear ran all over him. He was afraid to even stay under that pile, though Buster Bear knew nothing of his being there. Then after nothing happened Peter grew bolder and went back and crawled all around Buster Bear. At last he understood what it all meant; that Buster was still in that strange sleep in which he had spent the whole long winter.

For a long time Peter was quite content to sit in a place which he felt was quite safe and just look at Buster Bear. Then he grew bolder and walked all around Buster. Finally he grew very, very bold. He knew enough about that strange sleep to know that it takes a great deal to waken anyone who is in it.

As he grew bolder Peter ventured to reach out and gently touch Buster Bear. He did it very gently, you may be sure. Nothing happened, so presently Peter did it again. After he had tried this several times and found it didn't disturb Buster at all, he quite forgot that he never was afraid of Buster. Finally he actually jumped up on Buster's side, and the very instant he landed on Buster's fur coat he jumped off again in a sudden panic of fear. Still nothing happened. By and by Peter jumped up again.

As he grew bolder Peter ventured to reach out and gently touch Buster Bear

But he took pains to jump very lightly. Then he squatted down there, for Buster's fur coat was very comfortable to Peter's feet. He was so very comfortable that presently he began to doze, and before he knew it he actually was asleep, sitting up there on Buster Bear's side in Buster's own bedroom under the great pile of brush.

If timid little Mrs. Peter could have known where Peter was I don't know what she would have done. If some of Peter's friends had been told where Peter was they wouldn't have believed it. "No, sir, they wouldn't have believed for one little minute that Peter Rabbit ever would do such a bold thing as that. But he did do it, and there he was fast asleep."

## Cantata Is Conducted By Woman

Belmont United Church Choir, one of the few choirs on the Island conducted by a woman, gave a most appealing interpretation last evening of George F. Root's ever popular "Under the Palms," a cantata illustrating the Jewish Feast of Tabernacles, and celebrating the return of the Jews from captivity during the reign of Cyrus.

Another exceptional feature of this performance was that it called for a second choir of children's voices for the singing of two special numbers, "Little Ones of God We Are" and "He Is Help to the Helpless." These were most charmingly done by eight young girls, two of whom, Thelma Gaetz and Rita Perry, had short solo parts, which they sang very prettily. Master Douglas Bailie, a thirteen-year-old boy, acting as their accompanist.

The adult choir, numbering thirty voices, acquitted itself admirably, the conductor showing great discrimination in the balancing of tone. Among the most melodious and at the same time rousing choruses was "Wake, Captives, Awake," while a second especially beautiful number was "Ninth the Palms' Protective Shade."

**SECONDARY ENSEMBLES**  
The work has a number of secondary ensembles, eight or nine quartettes; a ladies' trio, "God, Thy Prayer Now Bows to Hear"; and one or two duets. The most important

of the quartettes was "Up to the Hills I Lift Mine Eyes." The solo parts were happily assigned. Mrs. T. Hardy, soprano, who took the part of Miriam, particularly distinguished herself in "O Shepherd Who Leadest"; and the alto, Mrs. C. C. Kinsley, who took the part of Zillah, was undoubtedly best in "By the Dark Euphrates Stream." The male soloists were Maurice Thomas, tenor, who, as Jesus, gave a pleasing version of "Lies Before a Hostile Way," and J. Matheson, bass, who, in the role of Ezra, gave an effective rendering of "The Hand of the Lord Is Upon Them That Seek Him."

Rev. Thomas Hood opened the proceedings with a short prayer service, and during the evening the president of the choir, Mrs. Fred Smith, presented the lady choir-master and the two lady soloists with corsage bouquets. Mrs. Jack Chapman and Mrs. Glover had charge of refreshments, served later in the schoolroom.

CROSBY, FIELDS  
DOMINION STARS

"Mississippi" Is Colorful Picture of Southland—Bing Sings New Songs

A picture of melody, mirth and romance woven about a love story of the Old South comes to the Dominion Theatre today when Paramount's "Mississippi" arrives, with Bing Crosby, W. C. Fields and Joan Bennett in the starring cast.

In "Mississippi," Crosby sings for the first time an old favorite, a special arrangement of "Swanee." A chorus of forty negro voices and elaborate settings make this production number one of the high-spots of the show.

The story of the picture, adapted from a play by Booth Tarkington, is that of a young Yankee who loses one Dixie sweetheart because he won't duel for her, and almost loses another because he's been doing too much dueling.

Crosby, in the leading role, spends the intervening time between these

SHIRLEY TEMPLE  
AT THE CAPITOL

Foremost Child Star Plays With Lionel Barrymore in "Little Colonel"

Three supreme figures of screen, stage and vaudeville are brought together in Fox Film's "The Little Colonel," which comes today to the Capitol Theatre.

They are Shirley Temple, Lionel Barrymore and Bill Robinson. Shirley Temple, the foremost child actress, can be counted among the miracles of movie history. Within six months, she has scaled to stardom and now ranks among the ten best box-office stars. She is the first child actress to attain this honor. Today this prodigy counts her fans by the millions.

Co-starring with Shirley is Lionel Barrymore, easily the screen's leading character actor, one whose presence lends distinction to any role. Bill Robinson of course has a niche for himself as the originator of the inimitable stair dance, which is the last word in tap dancing. The stairs on which he used to dance on the stage were inconsequential beside the two elaborate flights of fifteen and ten steps, on which he dances alone and with Shirley.

Also a Mickey Mouse cartoon, "Mickey's Service Station," is being shown.

LIVELY SHOW IS  
ON EMPIRE STAGE

"Hi-Skookum Revue" Includes Full-Blooded Indian Orchestra With Ten Vaudeville Acts

Stars of radio, screen and stage, plus a full-blooded Indian stage band, make up the versatile cast of entertainers appearing at the Empire Theatre today with the "Hi-Skookum Revue."

Featured is the band, Chief Little Joe and his Musical Redskins, one of the most talented and colorful musical organizations on the road today. The boys wear their full tribal regalia.

The organization boasts of two Indian Chiefs, Chief Ti and Chief Little Joe. Chief Little Joe is a direct descendant of the famous Chief Joseph of the Nezperce tribe. Chief Ti is a great-grandson of Chief Big Man Ti, a famous Christian leader of the Nesperce.

In addition to the band are ten acts of vaudeville headed by Hollywood's famous dance team, Lovell and Laullis, who have been featured in several of the late motion pictures.

BORIS KARLOFF HERE  
IN EGYPTIAN STORY

Boris Karloff, star of "Frankenstein," is appearing today at the Romano Theatre, in "The Mummy," a fascinating story of the Egyptian tombs. Ken Maynard, popular Western star, will be seen in the added attraction, "King of the Arena," a thrilling Western story, filled with action.

HAS RIGHT TO  
PRESENT CASE

Mr. Justice Robertson Says Issue Arising Out of Seattle Court Action Admissible

Mr. Justice H. B. Robertson, in the Supreme Court, has handed down judgment with respect to the action of Maria Romano vs. John Maggiora, which was argued in chambers before His Lordship a few days ago. He ruled the case was one open to hearing in the regular way to show the nature of the claim put forward by the defendant.

The action was one that originated in Seattle, where the plaintiff secured judgment against the defendant, in connection with an alleged contract, for an amount of \$3,312.40. The defendant took the position that he was not properly notified of the trial and did not have the opportunity of putting forward his defence.

In his judgment Mr. Justice Robertson sets out a defendant is entitled to unconditional leave to defend whenever the alleged facts, however improbable or suspicious, would, if proved, be good defence in law.

If the submissions of the defendant are correct, according to His Lordship, a substantial injustice had been done and it was clear that such a defence would be an answer to the foreign judgment.

"This is a triable issue, which must be tried in the ordinary way," he concluded. H. W. R. Moore appeared for the plaintiff and E. V. Finland for the defendant.

COBBLER IS STILL  
USED IN FACTORY

J. Leckie Co. Ltd., Works Plant to Capacity to Turn Out 1935 Stock of Footwear

The thousands who affectionately remember the captivating melodies of "Chin Chow," particularly the quaint "Chin Chow Song," will probably be astonished to learn that even with the most modern machinery for turning out shoes there is still a place for the old-time cobbler.

Certain operations that go into the construction of high-grade shoes must still be performed by hand, because no machine yet invented can take the place of a master craftsman in these finer details of workmanship.

This tradition of skilled craftsmanship is still carried out in the five-story factory of the J. Leckie Company, Limited, at Vancouver. With new equipment installed and a force of expert shoe stylists employed, the Leckie plant is now working at capacity to produce the new and smarter Leckie shoes for 1935. For nearly forty years the name of this pioneer Western shoe factory has been well known for the production of sturdy work boots and boots for boys. Today the large part of the output of the plant consists of fine shoes for men.

Harold Leckie, general manager, reports that newspaper advertising is being relied upon exclusively to carry the message of quality without extravagance. The keynote phrase of the advertising emphasizes that Leckie's shoes "shine by comparison." It is expected that this publicity will stimulate still further the demand for the products of this worthy Western Canada industry.

APPOINTED TO  
OBSERVATORY

Dr. Robert Petrie and Dr. Andrew McKellar Coming To Victoria

A dispatch from Detroit yesterday conveyed the information that Dr. Robert M. Petrie, of the University of Michigan faculty, had resigned his position there to accept an appointment by the Canadian Government to the staff of the Dominion Astrophysical Observatory at Victoria and to assume his new duties April 23.

The information has been confirmed by the acting director at the observatory here, W. E. Harper, who states that two positions vacant on the staff here were duly advertised some time ago, and from a list of several applicants Dr. Petrie and Dr. Andrew McKellar, of Vancouver, had been appointed by the Civil Service Commission, Ottawa.

Dr. Petrie is the son of Mr. and Mrs. James Petrie, 77 Howe Street, Victoria, and received his early education in the local high school and Victoria College before going on to the University of British Columbia. He graduated there in 1928 with first-class honors in mathematics and physics. While still an undergraduate he spent several of his summer holidays at the Astrophysical Observatory, first as a volunteer assistant, and later as a regular summer assistant. His work was highly satisfactory, and on the advice of the present acting director he took a post-graduate course at the University of Michigan at Ann Arbor, where he obtained his Ph.D. in 1932.

PROMISING FUTURE  
Since then he has been on the regular staff at Ann Arbor, at the same time doing research work at the observatory there. He also had an active part in the design and installation of the equipment for the new McDonald-Hurup Observatory, a subsidiary institution, at which he is at present assistant director. He is one of the first to secure moving pictures of the outbursts accompanying sunspots on the sun's surface, and is regarded by the Ann Arbor Observatory director, Dr. Curtis, as one of the most promising young men of the day in his special field of work.

Dr. McKellar graduated from the University of British Columbia in 1929. He too, served several vacations at the local observatory while still an undergraduate.

Graduating with high honors in the University of California and physics, he secured a scholarship at the University of California, and took post-graduate work there in physics, receiving his Ph.D. in 1933. Another scholarship took him to the Massachusetts Institute of Technology, where he has been for the past two years, training in a special manner for laboratory investigations, a phase of astronomical work that has become of primary importance.

The members of the local staff are all glad to have these two former temporary assistants return as permanent members of the staff and much productive work is expected of them.

ALLEGED AGREEMENT  
FOR INDEPENDENCE

Continued from Page 1  
vene in favor of Arab independence in Palestine and Syria in the event of a war, when Great Britain and France would be involved in difficulties elsewhere. Britain now has the mandate over Palestine, and France over Syria.

The newspaper which published the letter is hostile to the Italian party. The letter was written from Geneva and dated February 20, 1935, addressed to the Grand Mufti, says in part:

"Presume you have been informed of the conclusions reached in Rome between me and members of the Italian Government concerning the subject of the discussion that we had in Mecca and our agreement in Jerusalem. I am satisfied with my last interview when we received an assurance, made by Mussolini personally."

## FEARS OUTBREAK OF WAR

"I am convinced that Italy will not dare to treat us as have England and France. It has been agreed that Italian propaganda in Arab countries should start forthwith, as the 'man' said he fears outbreak of world war, and if the grounds are not prepared now, the opportunity may be wasted."

The letter said the Shah has written to Syrian leaders to start such propaganda immediately.

## GOVERNMENT FUZZLED

ROME, April 18 (AP).—Government circles expressed mystification tonight at reports from Jerusalem of an alleged guarantee by Premier Mussolini of the independence of Arabs in Palestine and Syria in the event of an expected world war.

# SCOTTISH CUP FINAL TO BE PLAYED TOMORROW

## Assumption College Bringing Smart Basketball Team Here for Final

### Eastern Champions Have Compiled Fine Record for Season

Have Only Suffered Two Defeats in Twenty-Five Games, Including Play-Offs—Squad Has Amassed 1,133 Points—Rogin Is Scoring Star—Eastern Referee Is Not Coming

WINDSOR, Ont., April 18 (CP).—Assumption College Purple, leaving behind them one of the most impressive records ever compiled by an Ontario team in one season, were en route to the Coast tonight to try conclusions with Victoria Blue Ribbons for the Canadian senior cage crown.

A free-shooting band of basketballers, the Assumptionites, coached by Father W. P. McGee, went eighteen successive games without a loss or a tie before they met their first reverse at the hands of Toronto Danforth, S.M.C., in the semi-finals for provincial honors.

This loss, coupled with a last minute one-point defeat by St. Catharines Grads, were the only games dropped by the Purple in a schedule of twenty-five, numbered among their victims were University of Detroit, Loyola University of Chicago and Notre Dame de Grace of Montreal.

The team has amassed 1,133 points over the twenty-five game period, which figures out at more than a point-a-minute average. The individual standout in this impressive record is Willie "Moose" Rogin, who has harvested 256, while the runner-up in marksmanship is "Toots" Meretsky with 193.

**ATTACHING COMING**  
Captain "Scrubby" Aitchison, the veteran of the team, has played in two Canadian championship series in Vancouver against New Westminster Adanacs in 1929 and again in 1933 against Blue Ribbons.

The lightest man on the team, 145 pounds, he is without a peer in this section in the engineering of passing plays.

Glen Sherman and Meretsky, the two regular forwards, are both six feet. Sherman is one inch more, in height, and each weighs approximately 175 pounds. Meretsky will be remembered by Victoria fans for his feat in scoring twelve points in the last half of one of the games in the 1933 series.

Don Desjarlais and Stanley "Red" Nantais, the regular defence pair, each scale six feet one inch in height. Desjarlais is the most dependable guard on the team and he generally has the task of checking the rival team's leading scorer.

Nantais specializes in long shots. In the deciding game with Windsor, Walkerville Alumni for the city championship he dropped in five field goals from centre in the last seven minutes to turn defeat into victory.

Other members of the squad of ten are Bob Harrison, Stan Galsup, Bill Byrne and Harold de Bora, all four American students attending the college.

**REFEREE SITUATION**  
TORONTO, April 18 (CP).—Clare Johnston, executive officer of the Canadian Amateur Basketball Association, said today he had asked officials of the Victoria Blue Ribbons basketball team to share expenses of an Eastern referee in the series with Assumption College of Windsor for the Canadian senior championship. Johnston said he expected a telegraph in reply later tonight.

The series, to be played at Victoria, is a best three-of-five game struggle, with the first game Tuesday. The Blue Ribbon hoop squad had previously consented to an Eastern referee along with one Western official, but the matter of finances remained to be settled.

In previous years there have been no visiting officials for Dominion Finals.

Johnston announced that Julius Goldman and Lou Davies had been appointed to referee the Canadian women's title bout between Edmonton Grads and Windsor Walkerville Technical School.

### HEAVYWEIGHT SQUIRM CARD IS COMPLETE

Mike Strelch Signed for Semi-Wind-Up — Mc-Cready Meets Cox

Mike Strelch, good-looking Jugoslavain pachyderm, and one of the most popular of the younger crop of heavyweights to recently return to the Tillicum gymnasium, was yesterday signed by Promoter Fred Richardson, local matchmaker, for the semi-wind-up of tomorrow's grappling programme. He will appear against Jim Healey, San Francisco exponent of the bone-bending game, who will be making his first Victoria appearance.

Earle McCready, leading Canadian heavyweight contender for the world's championship, and Ted "King Kong" Cox, California grappler, have been matched for the eight ten-minute-round main event. Two local preliminaries, with the first commencing at 8:30 o'clock, will round out what looks like an attractive squirm card.

Jim Healey, 218-pound San Francisco matman, has been appearing on a number of cards in different Pacific Coast wrestling centres with more than ordinary success, and his match here with Strelch is creating considerable interest in local wrestling circles. The Jugoslavain has gained considerable popularity here because of his willingness to mix, and when he climbs over the ropes to meet Healey the fans will be pulling for Strelch to win.

**COX IS COMING**  
Rated as the mat game's "toughest and roughest" pachyderm, Ted "King Kong" Cox, 230-pound Lodi, Cal., grappler, is noted for his rough tactics in the ring. Thursday evening at Portland when he was wrestling Jagat Singh, sensational Hindu wrestler, Cox almost created a riot, and after he had attacked some of the cash customers and climbed back into the ring the chief of police stopped the bout.

Earle McCready, Canadian grappler, who has met many of the top-ranking heavyweights, including Jim London, present titleholder, is another mat artist who prefers to wrestle clean. However, when the fireworks start, and they probably will tomorrow evening, McCready is quite capable of dishing out the rough stuff.

With four of the leading heavyweights in the mat game appearing on the programme, wrestling fans who want their way to the Tillicum gymnasium should witness one of the best cards of the present season.

### WILL OPEN NEW ARCHERY RANGE

Mayor Leeming and Reeve Crouch to Officiate at Opening Tomorrow

With Mayor David Leeming and Reeve William Crouch of Saanich releasing the first arrows, the new outdoor range of the Victoria Archery Society, located at the Saanich Recreation Park on Reynolds Street, will be officially opened tomorrow afternoon at 3 o'clock.

P. W. Rookes, veteran archery expert, has been named field captain, and officials of the newly-formed club feel that they are indeed fortunate in having this important position so capably filled by such an experienced member of the society.

The Lake Hill Lawn Bowling Club has graciously consented to assist in the serving of afternoon tea which will follow the official opening. It is expected that a large gallery will witness the opening of the first archery society on Vancouver Island.

Persons wishing to be present can obtain transportation on the Lake Hill bus, which leaves the Broughton Street Depot every half hour.

### Polo Returns to Thrill Crowds

Here is Eric Pedley, one of America's best polo players, scoring a goal for California against the Texas Rangers, and incidentally supplying an excellent action shot of this thrilling sport. Pedley is the man to right of the picture, and he has just got his shot away. George Pope, No. 1 for the Californians, is riding hard on the ball to see that it takes no crazy bounce before crossing the line. Riding on the tail of Pope's horse is Cecil Smith, one of the world's three nine-goal polo players and No. 3 for Texas. The game, which California won eight to seven marked the return of high goal polo, a sport which has lapsed recently.

### CLOSE TO 100,000 EXPECTED TO SEE SQUADS IN ACTION

Famous Glasgow Rangers to Clash With Hamilton Academicals at Hampden Park—Shevlin Will Be in Goal for Accies—English Teams Face Heavy Holiday Schedule

GLASGOW, April 18 (CP).—Interest in the Scottish Cup final to be played at Hampden Park on Saturday is at a high pitch. When Glasgow Rangers and Hamilton Academicals, two top-notch teams, line up it is expected more than 100,000 spectators will be in the grounds.

To the famous Rangers it will be an old story—they have already won the trophy eight times—but to the Accies it will be a great adventure. The Hamilton team has only reached the final on one occasion. In 1911 they were beaten by Celtic, 2-0, after playing to a scoreless draw.

Hamilton supporters were cheered today by the announcement that P. Shevlin, the goalkeeper, will play in the final. The custodian had a finger dislocated in the game against Queen of the South last Saturday.

**MEIKLEJOHN OUT**  
In Rangers' camp it was stated that Meiklejohn, sterling international half-back, would be unable to play. The injury he suffered in the replayed cup-tie with Hearts proved more serious than was suspected at the time.

Kennedy will probably deputize, but the veteran Tully Craig played such a fine game at Aberdeen last Saturday that the Ibrox Park management may decide to transfer George Brown to right half, his original position, and play Craig on the left. Otherwise the team will be made up of Dawson, Gray, McDonald, Simpson, Main, Venters, Smith, McPhail and Gillick.

The Hamilton team will probably be composed of Shevlin, Wallace, Bullock, Cox, Murray, King, Gilmour, Wilson, Harrison and Reid. There is a possibility, however, that McLaren will be preferred at inside right.

Each side scored one goal in their only league meeting this year. With Rangers already crowned league champions and out after the double, interest in league encounters is mainly confined to the tail-end clubs.

In Second Division games a win for Third Lanark over Forfar Athletic will give the team leadership of the league, as Arbroath is idle.

**Remember When**  
(Twenty-Five Years Ago)  
The James Bay Club is going to have a splendid baseball team. As a result of the drill which was held on Sunday morning, V. Gray, secretary, has visions of putting the local representative nine to route. He believes that if indications can be depended on, he is going to have an aggregation capable of giving any amateur bunch a run for the money. This, he is understood, includes Manager Waitlett's coits, and may be taken as a tentative deft. They will come together later, doubtless, and the rivalry which has developed will be settled one way or the other.

The second spoon shoot was held at Clover Point, Saturday afternoon, in splendid weather. The feature of the shoot was the fine score of 101 out of a possible 105 by Gunner C. W. Birch. It was made as follows: 200 yards, 4 5 5 5 4 5—33, 500 yards, 5 5 5 5 5 5—35, 600 yards, 5 5 4 5 4 5—33, total, 101. The next highest scores were 94 each made by C. S. M. Collings, R.C.G.A., and Co. Q. M. S. Hatcher.

All athletic clubs, organizations and teams that intend entering either the senior, intermediate or junior city lacrosse leagues which are to be run under the guidance of the Victoria Lacrosse Club, are requested to send in their entries to Secretary John P. Sweeney at the earliest convenience.

## Mrs. JACKSON WINS UPLANDS CLUB HONORS

Retains Golf Crown by Defeating Mary Mackenzie-Grieve in Final

Clinging close to par all the way to gain a five up lead on the outgoing nine, Mrs. E. Jackson continued as perennial champion of the Uplands Golf Club yesterday by defeating Miss Mary Mackenzie-Grieve, young holder of the city crown, in the eighteen-hole final, 3 and 2. In retaining her title, Mrs. Jackson played exceptionally steady golf, repulsing a strong second nine rally by her younger and less experienced opponent, to win comfortably.

Reaching the turn five up, it looked as if Mrs. Jackson would end the match in a few more holes. However, Miss Mackenzie-Grieve stayed in the running by halving the tenth, winning the eleventh and twelfth to reduce to the margin to three up. Mrs. Jackson halved the thirteenth and then took the next hole with a par four to Miss Mackenzie-Grieve's six to go four up. The city champion held on and captured the fifteenth, but a halve in three at the short sixteenth ended the battle.

**WINS "B" CLASS**  
Mrs. B. M. Clifford won the "B" class championship by defeating Mrs. E. M. Cuppage, 3 and 2, after an interesting tussle.

With the ever-increasing popularity of riding and the many delightful trails along the seafrost and beautifully-wooded country at Colwood, this new venture should prove very popular with the horse-loving element in Victoria. Riding and non-riding memberships with the clubhouse privileges may be obtained at nominal monthly fees. Reliable horses, on which Mrs. Hartley will give lessons, with special attention to children, will be available at all times.

**Burnside Lawn Bowlers Open Play Tomorrow**  
The greens of the Burnside Lawn Bowling Club will, in accordance with the arrangements for the opening of the season made by the Greater Victoria Lawn Bowling Association, be opened tomorrow afternoon, when the honorary president of the club, John Paterson will roll the first bowl and Mrs. A. W. Stewart, president of the Burnside Women's Club, will place the first ball, after which a rink game will be played by the men of this and other city clubs who will be present to participate in the opening match. The game will commence at 2:30 o'clock.

On Wednesday evening, in honor of the opening of the season, a card party and dance will be held in Hampton Hall when the members, their wives and friends will be present.

**Football Squad To Meet at Park**  
Members of the Victoria United football eleven, which will oppose Vancouver Rangers here this afternoon in an Inter-City League match at the Royal Athletic Park, are asked to meet at the enclosure at 1:15 o'clock. Manager Joe Bloom announced last night.

## Victoria United To Meet Rangers In League Match

Strong Elevens Will Clash in Inter-City Football Fixture at the Royal Athletic Park This Afternoon—Kick-Off Set for 2 o'clock—Band Will Attend

Vancouver Rangers, joint leaders of the Inter-City Football League, will make their initial appearance of the season before local soccer fans this afternoon at the Royal Athletic Park, when they battle Victoria United in the final home game of the season for the Capital City eleven. The fixture is slated to get under way at 2 o'clock with T. M. Robb tooting the whistle. Rowles Boys' Band will be in attendance from 1:30 o'clock.

Victoria United will field the same eleven, with one exception, that has carried their colors to victory in sensational fashion in previous inter-city fixtures, and feel confident of taking the measure of the highly-touted visitors from across the Gulf waters. Bill Boyd, veteran half-back, will be seen at left-half in place of Jimmie Hay, who is out of the city. Boyd is an experienced player and should fill the vacancy created by Hay's absence in a capable manner.

**RANGERS FAST TEAM**  
Boasting a fast, young and well-balanced squad, the Rangers are expected to give the locals the stiffest argument of the season. The Vancouverites have turned in a number of spectacular victories over other Mainland elevens, and would like nothing better than to add the clever Victoria United to their 1934-35 list of victims.

Victoria United have played four inter-city league fixtures, and their record to date is two wins, one draw and one defeat. In the latter instance, however, the locals were considerably weakened when "Old Man Flu" played havoc with their playing roster.

Louis de Costa, brilliant net custodian, will be between the sticks for Victoria, and will have Ab March and Sammy Essler in front of him as full-backs. The intermediate rank will include Ronnie Williams on the right, Roy Barnes at centre, and Bill Boyd on the left flank.

**STRONG FRONT RANK**  
Victoria's firing line will be the same as that which has carried the

locals to victory in previous matches. John Watt, veteran centre forward, will be in his usual position and will be flanked on the right by his team colleague and sharpshooter, "Rocky" Stewart, and on the left by Noel Morgan, speedy and aggressive Saanich front-ranker. Gordie Bell, brilliant right-winger of the Victoria West eleven, will patrol the right lane, and George Payne, clever Victoria City youngster, will be on the opposite wing.

Wes Harper, Bob Pearce, Ernie Lorandini, Eddie Gibson, Eddie Viggers and John Campbell are on the reserve list and will be ready for action at a moment's notice.

Rangers are expected to line up as follows: Gloag; Smith, Essler; McPherson, W. McNeil, A. McNeil; Johnson, W. McNeil, Waugh, Keddie and Wilkinson. Watchorn is on the substitute list.

**NEW RUGBY BODY NAMED AT MEETING**  
Five-Man Committee to Govern English Game in British Columbia

VANCOUVER, April 17 (CP)—The executive board of the British Columbia Rugby Union passed out of existence tonight, and a five-man committee replaced it as the governing body of the game in the Province.

Mr. A. H. Cox and H. J. Ketchen, of Victoria, were named Vancouver Island representatives of the new committee at the annual meeting of the B.C.R.U. here. Two Vancouver members will be selected at the meeting of the Vancouver union tomorrow night, and the four members will name the fifth, who will be chairman, probably next Wednesday.

The British Columbia union's stand of refusing to play any United States teams unless they operate under regulations of the Rugby Union, parent body in England, was affirmed. Should the American teams come into line, which would mean dropping their present use of substitutes, the British Columbia union is prepared to enter into negotiations with California teams for exhibition games.

**TO MAKE APPLICATION**  
The British Columbia union will also apply to the Rugby Union for membership in the parent body this year.

Included in the duties of the new committee will be appointment of a referees' board to settle disputes and iron out differences that may be found in the rules of Victoria and Vancouver unions.

Honorary officers elected tonight included: Honorary president, Lieutenant J. Fordham Johnson, honorary vice-presidents, Mayor G. G. McGeer, of Vancouver; Mayor David Leeming, of Victoria; Col. Victor Spencer, of Vancouver; B. C. Nicholas, of Victoria; Commander C. G. Jones, R.N., Esquimalt; A. Hagar, N. Stacey, A. McKechnie, P. W. Rounsfell and Frank Burd, all of Vancouver.

**IRISH FOOTBALL**  
BELFAST, April 18 (CP)—Linnfield defeated Celtic Seconds, 4-2, in the final for the Antrim Soccer Shield played yesterday.

**Official Opening Postponed Until Further Notice**  
Owing to the rather damp condition of the greens, and the injury which might result from their use at the present time, the greens committee of Victoria Lawn Bowling Club has decided it would be unwise to stage the opening ceremonies today, and the executive committee has, therefore, postponed that function until some time next week, possibly toward the latter end. However, definite announcement will be forthcoming early in the week so that bowling enthusiasts will be given an opportunity of once more meeting each other at their favorite recreation.

**VENDETTA**

This word is used so commonly in English, pointing to a family feud, that but for its form we might be misled into believing its source to be native. It is not, of course. Vendetta comes to us from Corsica via Italy. It is rooted in the Latin vindicta, meaning revenge. Closely akin, in fact, part of the same family, is vindicare, to vindicate or defend oneself. Thus, vendetta, signifying thretansactions.

SMITH'S FALLS, Ont., April 18 (CP).—As a result of a record-breaking flow of sap in this district, maple syrup sold yesterday as low as 90 cents per gallon, the lowest figure in the past decade.

Eggs, also plentiful, brought the producer 11 cents per dozen when payment was accepted in trade, and 10 cents per dozen when sold in cash.

## PREPARING FOR NANAIMO RALLY

Mayor and Board of Trade Heads Will Be Courtenay Delegates

COURTENAY, April 18.—Delegates to the Nanaimo tourist trade meeting, on April 27, will probably include Mayor Charles Simms, President C. S. Wood of the Courtenay-Comox Board of Trade, Past-President Theed Pearce and the chairman of the "transportation committee of the board, G. R. Tudway.

At a bi-monthly luncheon held at the Courtenay Hotel on Wednesday, the tourist trade bureau of the trade board had as its guest speaker Fred C. Grant, president of the Nanaimo board. Mr. Grant, who was introduced by Past-President J. H. Eakin, showed how the development of the Forbidden Plateau as a national park would bring thousands of tourists from all parts of the world to Vancouver Island, and would induce many home builders to settle in this district. He quoted Lord Baden-Powell as saying recently "Of all the beautiful parts of the world Vancouver Island holds first place."

Mayor Simms said the time had now come to get down to work in the tourist trade and one of the most important things to do was to get ferry rates on cars between Nanaimo and the Mainland down to a sensible level. He referred to Nanaimo as a tourist distributing centre for the Island.

## PREPARING FOR JUBILEE DANCE

Metchoin and District Community Club Arranges Details and Elects Committees

A meeting of the executive of the Metchoin and District Community Club was held recently at the home of Mrs. J. M. Milne. Harold Gray was in the chair.

The question of dramatics was discussed, and the executive elected Mrs. H. Jordan to choose a number of suitable plays.

The major business of the evening concerned making detailed preparations for the club's forthcoming silver jubilee dance, to be held in Metchoin Hall on May 6.

The following dance conveners were elected: Refreshments, Mrs. A. D. Ellwood; decorations, Miss Elsie Walker; business, Mr. John Pennington; publicity and programme, Harold Gray.

Supper will be served from 10:30 till 11:30 at individual tables, which will be decorated in the royal colors. The hall itself will be gay with bunting and flags. A four-piece orchestra will render a number of patriotic airs during the evening, as well as the latest dance numbers.

## FUND GROWING FOR HOSPITAL

Bishop of Columbia Shows Interest in Undertaking For West Coast

TOPINO, April 18.—In a letter from the Rt. Rev. C. de V. Schofield, Lord Bishop of Columbia, to Rev. J. W. Leighton, vicar in charge of the West Coast Anglican Mission, and accompanying a donation of \$25 towards the fund for building an emergency hospital at Topino, the bishop asked Mr. Leighton "to tell the committee how glad I am that this work, to which I have been looking forward for so many years, is really under way, and I hope with God's blessing it may prove a great benefit to Topino and the more scattered points of the West Coast. I shall watch its growth with deep interest."

In the same mail that the above was received, and along with many other contributions, were cheques from A. W. Neill, M.P., that district's member in the Ottawa House; the Hon. G. S. ## COUGARS SEEM QUITE COMMON

Campbell River Hunters Get Half Dozen and Try For More

CAMPBELL RIVER, April 18.—Last week George Reef and J. McDonald saw cougar tracks along the shore of Menzies Bay. They got Joe Thomas and the cougar dog, Blaze, owned by J. Ryan, to follow the tracks, and were rewarded by getting the mother cougar and two kittens. Next day they went out and got the other kitten.

A few days after, they went out again and got three or four more cougars.

Going out to West Lake not long ago, they found the carcasses of fifteen deer that had been killed by cougars, so Messrs. Thomas and Reef have gone camping at West Lake to see if they can get some more cougars.

## What Today Means

"ARIES"

If April 19 is your birthday, the best hours for you on this date are from 9:30 to 11:30 a.m., from 1:30 to 3:30 p.m., and from 6:30 to 8:30 p.m. The danger periods are from 7:30 to 9:30 a.m., from 3:30 to 5:30 p.m. and from 8:30 to 10:30 p.m.

Influences may possibly throw people you will come into contact with into a noticeable degree of fickle mindedness. This is going to prove rather trying and is likely to tax your patience. Any lack of forbearance exercised by you will be a mistake. Business is likely to be very satisfactory, and there probably will be decided improvement in the average individual's financial status. Engagements of a social nature should be kept, and it will be fruitful to keep track of the time, so as not to over-stay your welcome. Business, as well as personal correspondence, should receive attention on this date, for if put over for future consideration, too great a delay is likely to take place and your procrastination may subject you to unfriendly criticism. Married and engaged couples, as well as those eager to drink from the fountain of love, will be wise not to in any way resort to deception for the purpose of accomplishing a desired end.

If a woman and April 19 is your birthday, you are steadfast of purpose, have a placid, as well as

The child born on April 19 usually, when it arrives at preparatory school age, develops the knack of making itself popular with both schoolmates and teachers. This gift probably will be life long.

If a man and April 19 is your natal day, your thoughts and actions reflect a strong amount of originality, which should attract favorable notice. You should attain an enviable position, possibly through writing, acting, engineering, teaching painting or commercial enterprise.
